

## CANADIAN EDUCATION DATABASE

Canadian educational institutions have earned an international reputation for excellence. Canadian universities offer a wide range of undergraduate, graduate and professional programs ranging from large urban, multi-campus research-intensive universities to specialized professional programs in fields such as business, engineering, computers, art and design and agriculture. These professionals at these schools will welcome offers pertaining to seminars, continuing education services, book publications, computer hardware, software and supplies, IT services, office products, supplies and services, janitorial products and services, landscape services, financial institutions, credit card and insurance offers, website design, employment agencies, food services and more. Available titles are CEO, Vice President, Executive Director, Manager, President and Principle. This file is a self reported opt-in file with all responders given the opportunity to opt-out.
