## ONLINE JOB SEEKERS

The Online Job Seekers file are individuals who are actively seeking employment. They have posted their resumes online within the last 12 months and have in most cases, indicated their specific field of professional interest. Sourced from online survey sites, target these individuals by industry for educational and distance learning offers, resume services, employment agencies and more. 100% at Home Address. This file is also available at Email Address. Sourced from direct mail and telemarketing response.
